A monitor shall have no prior or current business or personal relationship with Respondent, or other relationship that could reasonably be expected to compromise the ability of the monitor to render fair and unbiased reports to the Board, including but not limited to any form of bartering, shall be in Respondent’s field of practice, and must agree to serve as Respondent’s monitor. Respondent shall pay all monitoring costs.

The Board or its designee shall provide the approved monitor with copies of the Decision and Accusation, and a proposed monitoring plan. Within 15 calendar days of receipt of the Decision, Accusation, and proposed monitoring plan, the monitor shall submit a signed statement that the monitor has read the Decision and Accusation, fully understands the role of a monitor, and agrees or disagrees with the proposed monitoring plan. If the monitor disagrees with the proposed monitoring plan, the monitor shall submit a revised monitoring plan with the signed statement for approval by the Board or its designee.

Respondent shall cease the practice of medicine until a monitor is approved to provide monitoring responsibility.

The monitor(s) shall submit a quarterly written report to the Board or its designee which includes an evaluation of Respondent’s performance, indicating whether Respondent’s practices are within the standards of practice of medicine, and whether Respondent is practicing medicine safely, billing appropriately or both. It shall be the sole responsibility of Respondent to ensure that the monitor submits the quarterly written reports to the Board or its designee within 10 calendar days after the end of the preceding quarter.

At the conclusion of the second year of monitoring, the practice monitor shall submit a
written report to the Board which shall indicate whether the Respondent is practicing medicine safely and whether areas of practice deficiency have been corrected. If the practice monitor determines that Respondent no longer needs further practice monitoring, and so states in the written report, and the Board, in its sole discretion, determines that the further practice monitoring is no longer needed, this condition shall be deemed satisfied and completed and will no longer be enforced as part of Respondent’s probation. If the practice monitor identifies areas of continued deficiency that require additional monitoring and/or the Board determines that additional practice monitoring is needed, this condition shall extend for the remainder of the probation.

If the monitor resigns or is no longer available, Respondent shall, within 5 calendar days of such resignation or unavailability, submit to the Board or its designee, for prior approval, the name and qualifications of a replacement monitor who will be assuming that responsibility within 15 calendar days. If Respondent fails to obtain approval of a replacement monitor within 60 calendar days of the resignation or unavailability of the monitor, Respondent shall receive a notification from the Board or its designee to cease the practice of medicine within three (3) calendar days after being so notified. Respondent shall cease the practice of medicine until a replacement monitor is approved and assumes monitoring responsibility.

In lieu of a monitor, Respondent may participate in a professional enhancement program approved in advance by the Board or its designee that includes, at minimum, quarterly chart review, semi-annual practice assessment, and semi-annual review of professional growth and education. calendar days.

This condition shall apply to any change(s) in hospitals, other facilities or insurance carrier.

9. SUPERVISION OF PHYSICIAN ASSISTANTS AND ADVANCED PRACTICE NURSES. During probation, Respondent is prohibited from supervising physician assistants and advanced practice nurses.

10. OBEY ALL LAWS. Respondent shall obey all federal, state and local laws, all rules governing the practice of medicine in California and remain in full compliance with any court ordered criminal probation, payments, and other orders.

11. QUARTERLY DECLARATIONS. Respondent shall submit quarterly declarations under penalty of perjury on forms provided by the Board, stating whether there has been compliance with all the conditions of probation.

12. GENERAL PROBATION REQUIREMENTS.

   Compliance with Probation Unit
   Respondent shall comply with the Board's probation unit.

   Address Changes
   Respondent shall, at all times, keep the Board informed of Respondent's business and residence addresses, email address (if available), and telephone number. Changes of such addresses shall be immediately communicated in writing to the Board or its designee. Under no circumstances shall a post office box serve as an address of record, except as allowed by Business and Professions Code section 2021(b).

   Place of Practice
   Respondent shall not engage in the practice of medicine in Respondent's place of residence.

   ///
   ///
   ///
   ///
License Renewal

Respondent shall maintain a current and renewed California physician’s and surgeon’s license.

Travel or Residence Outside California

Respondent shall immediately inform the Board or its designee, in writing, of travel to any areas outside the jurisdiction of California which lasts, or is contemplated to last, more than thirty (30) calendar days.

In the event Respondent should leave the State of California to reside or to practice, Respondent shall notify the Board or its designee in writing 30 calendar days prior to the dates of departure and return.

13. INTERVIEW WITH THE BOARD OR ITS DESIGNEE. Respondent shall be available in person upon request for interviews either at Respondent’s place of business or at the probation unit office, with or without prior notice throughout the term of probation.

14. NON-PRACTICE WHILE ON PROBATION. Respondent shall notify the Board or its designee in writing within 15 calendar days of any periods of non-practice lasting more than 30 calendar days and within 15 calendar days of Respondent’s return to practice. Non-practice is defined as any period of time Respondent is not practicing medicine as defined in Business and Professions Code sections 2051 and 2052 for at least 40 hours in a calendar month in direct patient care, clinical activity or teaching, or other activity as approved by the Board. If Respondent resides in California and is considered to be in non-practice, Respondent shall comply with all terms and conditions of probation. All time spent in an intensive training program which has been approved by the Board or its designee shall not be considered non-practice and does not relieve Respondent from complying with all the terms and conditions of probation. Practicing medicine in another state of the United States or Federal jurisdiction while on probation with the medical licensing authority of that state or jurisdiction shall not be considered non-practice. A Board-ordered suspension of practice shall not be considered as a period of non-practice.

In the event Respondent’s period of non-practice while on probation exceeds 18 calendar
months, Respondent shall successfully complete the Federation of State Medical Boards's Special Purpose Examination, or, at the Board’s discretion, a clinical competence assessment program that meets the criteria of Condition 18 of the current version of the Board’s “Manual of Model Disciplinary Orders and Disciplinary Guidelines” prior to resuming the practice of medicine.

Respondent’s period of non-practice while on probation shall not exceed two (2) years.

Periods of non-practice will not apply to the reduction of the probationary term.

Periods of non-practice for a Respondent residing outside of California will relieve Respondent of the responsibility to comply with the probationary terms and conditions with the exception of this condition and the following terms and conditions of probation: Obey All Laws; General Probation Requirements; Quarterly Declarations; Abstain from the Use of Alcohol and/or Controlled Substances; and Biological Fluid Testing.

15. COMPLETION OF PROBATION. Respondent shall comply with all financial obligations (e.g., restitution, probation costs) not later than 120 calendar days prior to the completion of probation. Upon successful completion of probation, Respondent’s certificate shall be fully restored.

16. VIOLATION OF PROBATION. Failure to fully comply with any term or condition of probation is a violation of probation. If Respondent violates probation in any respect, the Board, after giving Respondent notice and the opportunity to be heard, may revoke probation and carry out the disciplinary order that was stayed. If an Accusation, or Petition to Revoke Probation, or an Interim Suspension Order is filed against Respondent during probation, the Board shall have continuing jurisdiction until the matter is final, and the period of probation shall be extended until the matter is final.

17. LICENSE SURRENDER. Following the effective date of this Decision, if Respondent ceases practicing due to retirement or health reasons or is otherwise unable to satisfy the terms and conditions of probation, Respondent may request to surrender his or her license. The Board reserves the right to evaluate Respondent’s request and to exercise its discretion in determining whether or not to grant the request, or to take any other action deemed appropriate and reasonable under the circumstances. Upon formal acceptance of the surrender, Respondent
shall within 15 calendar days deliver Respondent’s wallet and wall certificate to the Board or its
designee and Respondent shall no longer practice medicine. Respondent will no longer be subject
to the terms and conditions of probation. If Respondent re-applies for a medical license, the
application shall be treated as a petition for reinstatement of a revoked certificate.

18. **PROBATION MONITORING COSTS.** Respondent shall pay the costs associated
with probation monitoring each and every year of probation, as designated by the Board, which
may be adjusted on an annual basis. Such costs shall be payable to the Medical Board of
California and delivered to the Board or its designee no later than January 31 of each calendar
year.

**FIRST CAUSE FOR DISCIPLINE**

(Gross Negligence)

5. Respondent Robert Howard Nelson, M.D. is subject to disciplinary action under section 2234(b) and 2242(a) of the Code in that he was grossly negligent in the care and treatment of patient K.B.L. The circumstances are as follows:

6. From February 2012 until August 2015, Respondent treated patient K.B.L., for chronic pain, fibromyalgia, skin outbreaks, and anxiety. During the course of the treatments, Respondent treated patient K.B.L. at her home. Respondent’s medical records for patient K.B.L. are comprised of transcribed verbally recorded notes and telephone calls.

7. Respondent visited patient K.B.L. every few days and up to every few weeks for chronic and acute pain, as well as a recurrent shingles rash. Most of the visits did not include a SOAP note\(^1\) or a physical exam. There was no evidence of an initial history and physical. Patient K.B.L.’s medications were routinely increased and changed throughout the course of treatment.

---

\(^1\) The SOAP note (an acronym for subjective, objective, assessment, and plan) is a method of documentation employed by health care providers to write out notes in a patient's chart, along with other common formats, such as the admission note.
including: Hydrocodone\(^2\), Fentanyl patches\(^3\), OxyContin, Oxycodone\(^4\), Morphine\(^5\), Adderall\(^6\), Lorazepam\(^7\), and Xanax\(^8\).

8. Respondent routinely administered parental/intramuscular Demerol\(^9\) during the home visits to patient K.B.L.

9. On August 12, 2012, Respondent’s medical note indicated that patient K.B.L. was applying two or three Fentanyl 12 mcg patches (prescribed as one every 72 hours) because patient K.B.L. claimed that the patches were falling off. Patient K.B.L. ran out of the patches, and the Respondent prescribed Fentanyl 25 mcg patches nine days after the previous Fentanyl 12 mcg prescription.

10. On September 4, 2012, Respondent’s medical note indicated that patient K.B.L. was overusing Fentanyl 25 mcg by using two patches instead of following directions to use one patch every 72 hours. Respondent’s medical note also indicated that Demerol was given to patient K.B.L.

11. On April 10, 2013, Respondent’s medical note indicated that he discussed a text from patient K.B.L. because he was concerned about her simultaneous use of Oxycontin and Xanax. Despite the Respondent’s concern, prescriptions for Oxycontin and Xanax were refilled and Demerol was again given to patient K.B.L.

12. On July 15, 2013, Respondent’s medical note indicated that patient K.B.L. admitted to leaving her medications somewhere. Respondent called the pharmacy with a Norco\(^\text{10}\) refill anyway.
