This wannabe pedo tried to solicit willowfilipino, a 13 year old girl
... or so they thought!

Back in 2006, we did a sting in Petaluma, California. Over 25 individuals

arrived at the sting house for an operation that was broadcast on Dateline, NBC. Of the 25, time would show that Maurice Wolin, a cancer researcher, was one of the more memorable individuals. Fumbling with his drink, discovering a cameraman behind a shade and then throwing down his sunglasses like a petulant child, then later in a trailer calling his wife and telling her not to bring the children... Wolin was someone who viewers saw as contemptable.

What follows is his complete chat-log, unedited. He and his "celebutorney" tried during the 2+ year legal process to have this thrown out on a variety of grounds, but were rebuffed each time.

Wolin hits me up, and I immediately get out of the conversation. Why? Because I saw a note where the screen-name "talldreamy_doc" was already in conversation with another decoy profile we had for the sting. At that point, I got out of the conversation to consult with the original decoy contributor he hit up to see how far the conversation between them had gone. The conversations he had with that decoy profile follow.

The following conversation was held a day prior, by another contributor:

Due to the above conversation, I had cut Wolin short when he hit up my profile. However, the person playing the "crazy_frazy2005" profile was not as available to chat, and so on the 24th of August, I took over the chat conversation as the primary decoy.

August 24th, 2006

talldreamy_doc (08/24/06 4:37:35 PM): i did have a question for you last night..
willowfilipino (08/24/06 4:40:21 PM): whats up:

willowfilipino (08/24/06 4:41:04 PM): k
talldreamy_doc (08/24/06 4:42:06 PM): k..Would you date a guy who kept pics of his ex- around his place? A buddy of mine is still friends with his

ex- but his new gf wants him to get rid of the pics. Should he? (*I must say, I've gotten asked a lot of "introductory" questions by guys like Wolin over the course of doing decoy work, but that was a unique intro*)

willowfilipino (08/24/06 4:42:27 PM): why he want the pics they still friends?

talldreamy_doc (08/24/06 4:42:37 PM): yes..they are still in touch

willowfilipino (08/24/06 4:43:03 PM): so they still friends? or they just like talk never?

talldreamy_doc (08/24/06 4:43:33 PM): they talk..a afew times a week

willowfilipino (08/24/06 4:44:03 PM): ok then hes prob not over her and the new gf shouldnt like him that much

talldreamy_doc (08/24/06 4:44:16 PM): well should he just put the pics away

willowfilipino (08/24/06 4:44:20 PM): the prob is the talk all the time not the pics

willowfilipino (08/24/06 4:44:25 PM): hidin the pics dont hide feeling

talldreamy_doc (08/24/06 4:44:41 PM): no..but she's dating someone new also

willowfilipino (08/24/06 4:46:10 PM): yeah thats weird if im the new gf id think the guy wasnt over the old one butthe pics dont matter its the feelings

Somewhere between "make you cum over and over" and sleeping, waking up, going to work and being alone, Wolin decided not to come over that day, likely due to a fear of being arrested. So as part of usual practice, I sent him an offline message when he did not arrive.

willowfilipino (08/25/06 5:41:21 PM): u stood me up :(

And upon getting free of family and responsibility, Wolin initiated the next conversation.

August 25th, 2006

I've gone through my archives, and I don't think I've ever simply cut off a chat before. At this point, I was done talking to the screenname "talldreamy_doc", he fretted about police, I told him I wasn't a cop and as he kept going on and on, I decided to end the chat. If Maurice Wolin had left it at this, he probably would never have been charged with a crime. However, as you will see after an hour of realizing that this kid he wanted to have sex with has basically told him off and cut off conversation, Maurice Wolin takes a different and more predictable course.

talldreamy_doc (08/25/06 11:21:15 PM): night (*An hour later and he reinitiates chat, but why?*)

willowfilipino (08/25/06 11:21:32 PM): night :(

Of course, there is a twist. Remember Crazy_frazy2005, the original 14
year old decoy profile he approached in a chat-room? After all of the
above conversation, Wolin goes back to see what she's doing. Of course,
this decoy contributor knows of the other conversation and ends it early.

talldreamy_doc (08/25/06 12:56:54 AM): hey
crazy_frazy2005 (08/25/06 12:57:02 AM): hey

talldreamy_doc (08/25/06 12:59:00 AM): nite babe

At this point, I was not of the opinion that talldreamy_doc would show up. Why? Because he had such a fear of being arrested and because he went and hit up the other fourteen year old decoy profile that he had shown interest in. At this point, he fit the profile of a "talker", someone who wants to molest a kid badly, but is too scared of the police to do so. However, Wolin would yet again surprise me, as he certainly ended up going through with attempting to commit the act.

talldreamy_doc (08/26/06 1:17:14 PM): let me know when you come online
(Initiates conversation to my surprise)
willowfilipino (08/26/06 1:22:05 PM): im here :)

willowfilipino (08/26/06 1:22:57 PM): omg awesome

And Wolin would then show up, go through the garage, spill the drink, see the cameraman and then flee for the garage. The sunglasses would break, the wife would be called and ol' Mo would spend over two years throwing money away to an attorney that would make desperate claim after desperate claim. Despite all this effort and money and time, the log won out and Wolin was convicted.
